ROLLINGS, W.	RINTEL, REV. M.
THOMAS, H.	RICHARDS, W.

REPORT OF THE COMMITTEE OF MANAGEMENT  
OF THE  
MELBOURNE  
MECHANICS' INTITUTION AND SCHOOL OF ARTS,  
FOR THE YEAR 1866.

1. THE Committee of Management, in presenting the Annual Report for 1866, and inviting attention to the financial statement appended, have the satisfaction of being able to point out that they have been enabled to work the Institution efficiently, and at the same time to reduce the liabilities as compared with the preceding year (reckoning net income only of each year) by the large amount of £177 9s. 1d., leaving a balance of only £60 against the Institution, which sum is due to members on account of Library Deposits for the safe return of books.

2. The Committee, therefore, having full confidence in the prospects of the Institution recommend that certain indispensable repairs be proceeded with at once. A thorough repair of the roof of the building is imperatively required. To paint, paper, and repair the hall, the staircases, lobby, reading room, and library, is equally necessary. It is estimated that these works will cost altogether about £150; and the Committee are of opinion that this sum may safely be appropriated out of the revenue of the ensuing year, so as to avoid the necessity of borrowing. It is with regret your Committee have to announce the death of Mr. Dinwoodie, by which the Institution has lost a very useful and estimable member of Committee.

3. During the year the Rules have been revised and printed for the use of members.

4. By the Abstract of the Treasurer's Account Current for 1866, and the Statement of the Liabilities and Assets annexed, it will be perceived that there has been an improvement in the *net* receipts for 1866 over those of 1865 amounting to £47 0s. 2d., and the Committee are of opinion that the income for 1867 may be fairly estimated at £1000.

5. The Committee have endeavoured as far as possible to render available and augment the utility of the Library and Reading Room; many important new books and periodicals have been added, and where necessary duplicate copies have been procured. A complete list of new books and periodicals added during the year can be seen in the Library.

6. The number of new books added to the Library during the past year was 148 volumes. There have been also added 122 volumes of periodicals, making a total of 270 volumes for the year.

7. The number of members on the roll for the year 1866 is 450. The number of new members who joined the Institution in 1866 was 123. The number of Life Members is at present 124, and of Honorary Members, 18.

8. The number of members borrowing books from the Library during the past year was 402. The number of volumes in circulation was 13,102; and the number of magazines in circulation during the same period, was 9,100.

The following table gives the circulation of volumes during the past year, according to the classification in the library:—

Agriculture, Commerce, and Statistics .. .. .	50
Mechanics, Mathematical Sciences, Architecture, Engineering, and Useful Arts .. .. .	49
Biography, Speeches, and Correspondence .. .. .	825
Classics and Philology .. .. .	108
Fine Arts .. .. .	55
Geography, Voyages, Travels, and Descriptive Works.. .. .	936
History, and Historical Memoirs .. .. .	748
Jurisprudence and Legislation .. .. .	8
Medical Science and Chemistry .. .. .	40
Miscellaneous and Collective Works .. .. .	1631
Natural History and Botany .. .. .	40
Works of Fiction.. .. .	7175
Music .. .. .	5
Periodical Literature .. .. .	940
Philosophy and General Science .. .. .	176
Poetry and the Drama .. .. .	205
Politics .. .. .	85
Religious and Ecclesiastical Works.. .. .	26

13,102

The number of Visitors introduced by members, in accordance with Rule 10, was 160.

The Government has, during the year, presented to the Institution the following valuable publications:—

Victorian Statutes, 4 vols. 4to, 1866.  
Victorian Parliamentary Debates, 1866.  
Votes and Proceedings of the Parliament of Victoria, 1866.  
Government *Gazette*, 1866.

And the following donations have kindly been made by the undermentioned parties:—

1 copy of the <i>Argus</i> .. .. .	The Proprietors.
1 „ <i>Age</i> .. .. .	„
1 „ <i>Leader</i> .. .. .	„
6 vols. of Dickens's Works .. .. .	Mr. Alston, Collins Street West.
2 „ Bulwer Lytton's Works .. .. .	
1 „ Reade's "Never too Late to Mend," Transactions and Proceedings of the Royal So- ciety of Victoria, Vol. VII., 1865-7 .. .	The Council of the Society.

In conclusion, the Committee have the satisfaction of pointing out that notwithstanding a small decrease in the number of members, the income has exceeded that of the previous year, especially in the items of rents and subscriptions. It is also important as indicating the increased utility of the Institution, that there has been a considerable increase in the study of the more important works of literature and science, and a corresponding decrease in the perusal of the lighter class of publications.
